**Held on: 19/11/2019, 03/03/2020, 19/05/2020 & 07/07/2020
(10:00am to 4:00pm each day)**

**Venue: Hardwick Green Primary Academy, Tithe Barn Rd,
Stockton on Tees, TS19 8WF**

What is the Power of Reading?

The Power of Reading is a school development project which engages teachers and children in the literacy curriculum using high quality books and proven teaching approaches. This project is being commissioned by Harrow Gate Primary Academy.

This 4 day training programme uses high quality children's literature and proven creative teaching approaches to engage teachers and children in the literacy curriculum, supporting schools to nurture a whole school love of reading and writing. Now in its 15th year, the Power of Reading has raised achievement in over 4000 schools and worked with 5000 teachers nationally, with 98% of teachers reporting the programme improved children's engagement in reading and 97% reporting an improvement in children's writing.

What will you learn?

This 4 day course is underpinned by extensive research and has been designed by our highly experienced team of teachers who bring their professional knowledge and teaching experience to the Power of Reading training. This training meets all requirements of the National Curriculum and will cover:

- Choosing high-quality children's literature
- Reading for Pleasure
- The importance of reading aloud
- The reading environment
- An opportunity to listen to and meet a leading children's author/illustrator
- Storytelling and drama
- Exploring the development of language and narrative
- Developing fictional narratives
- Reading skills and strategies
- Exploring non-fiction
- The importance of poetry.

"We had the highest percentage of children reaching expected standard in reading and writing this year – this is a direct result of their enjoyment of the Power of Reading texts and teaching sequences."

Headteacher, Power of Reading School

Evidence of Impact

Analysis of data has shown that Power of Reading schools:

- Make significant progress in reading and writing, particularly with those pupils who had previously been reluctant to engage with literacy
- Are effective in narrowing the achievement gap between boys and girls
- Find that their children choose to read more often, at greater length and are more confident in talking about books

98% of teachers said that the Power of Reading had raised reading engagement

97% of teachers said the Power of Reading had raised writing engagement

(Power of Reading Evaluation 2017-18)

Power of Reading Website

The Power of Reading website houses over 200 teaching sequences as well as 1000s of classroom examples. Year-long subscriptions are included for schools on the Power of Reading training.

CLPE Reading and Writing Scales

Power of Reading teachers will work with the CLPE Reading and Writing Scales. The Scales help teachers to understand what progression looks like in reading and writing and aim to help schools to provide an environment that supports the literacy development of all children.

Find out more at clpe.org.uk/readingandwritingscales

Learning Outcomes:

- Teachers will have developed their subject and pedagogical knowledge in literacy teaching and be provided with the tools to help their school develop classroom provision and inform a whole school approach to reading.
- Extended knowledge of children's literature and how to choose high quality text.

Cost:

If you're part of the Enquire Learning Trust: **£1,200 for two places or £850 for one.**

For schools that are not part of the Trust: **£1,700 for two places, or £1,000 for one.**
